KORCHNOI THE FIGHTER

Among the great players of the world Viktor Korchnoi is unique. When he sits down to a game he brings to bear a combination of concentration, determination, and energy which no other grandmaster can match. To Korchnoi chess is above all a fight. While he is playing all that matters is the result of the game. Friendships are forgotten, problems are shelved; the struggle on the board takes absolute precedence.

This tremendous will to win makes Korchnoi's games always interesting. Never satisfied with routine play, he seeks strategic complexity, searching for the very best move from the earliest stages of the game. Often this leads him into great time-pressure, but here Korchnoi is supreme. When his clock shows only minutes remaining, he enters an almost trance-like state of total concentration, making full use of the time his opponent spends in thought. Frequently he will lose all track of the number of moves completed, so deep is his involvement in the calculations. Counting moves must be shunned as a distraction from the vital processes of the game.

Away from chess Korchnoi is far from being the killer he is at the board. I have always found him one of the most sociable, good-humoured, and generous of grandmasters, but never expect this character to show itself during a game. I remember a characteristic episode one evening before the start of a tournament. Korchnoi had met an old friend he had not seen for years. The talk, jokes, and drink flowed freely until the early hours when both retired exhausted to their hotel rooms. The following afternoon they had to play each other in the tournament. Many anticipated a comradely draw, but they did not know Korchnoi. From the moment the players took their seats his war of attrition began, and a long and hard battle brought home the full point. Korchnoi's friends have sometimes been surprised to receive such inimical treatment, but they do not understand him.

Having passed the age of forty-five, when most grandmasters are well past their prime and settling down to a less strenuous tournament life, Korchnoi plays with greater vigour than ever. To have maintained his perfectionist approach and energy-demanding style is a great achievement on its own, but to have done so with ever-improving results is almost incredible. But why ponder on the source of Korchnoi's power when we can enjoy its fruits in his games? Study them well; he put a great deal of work into them.

Bill Hartston

KORTSJNOJ DE VECHTER

Victor Kortsjnoj neemt een unieke plaats in onder de grote schakers in de wereld. Als hij met een wedstrijd begint combineert hij zoveel concentratie, doorzettingsvermogen en energie dat geen andere grootmeester hem kan evenaren. Voor Kortsjnoj is schaken bovenal een gevecht. Gedurende het spel is alleen de uitslag van de wedstrijd van belang. Vriendschappen worden vergeten, problemen worden ter zijde geschoven; de strijd op het schaakbord heeft voorrang boven alles.

Door deze fantastische wilskracht tot winnen zijn de partijen van Kortsjnoj altijd interessant. Nooit tevreden met routinespel, streeft hij naar een strategisch ingewikkelde opzet en zoekt hij van het eerste begin naar de allerbeste zet. Dit brengt hem dikwijls in grote tijdnood, maar juist dan is Kortsjnoj op zijn best. Als er nog maar een paar minuten over zijn op zijn klok raakt hij in een soort trance van totale concentratie terwijl hij intens gebruik maakt van de tijd die zijn tegenstander met denken doorbrengt. Vaak verliest hij alle notie van het aantal zetten dat gespeeld is, zozeer is hij in zijn berekeningen verdiept. Het tellen van het aantal zetten moet worden vermeden, daar dit afleidt van het essentiële spelverloop.

Als hij niet schaakt is Kortsjnoj een volkomen ander mens dan de onbarmhartige schaker. Ik vind hem altijd één van de gezelligste, goedgehumte en edelmoedigste grootmeesters, maar verwacht nooit dat dit karakter zich gedurende een wedstrijd zal laten zien. Ik herinner me een typisch voorval op een avond vóór het begin van een toernooi. Kortsjnoj had een oude vriend ontmoet die hij in jaren niet had gezien. Conversatie, grapjes en drank wisselden elkaar af tot diep in de nacht, toen beiden zich doodmoe in hun hotelkamers terugtrokken. De volgende middag moesten ze in het toernooi tegen elkaar spelen. Velen verwachtten een vriendschappelijke wedstrijd maar die kenden Kortsjnoj niet. Vanaf het moment dat de spelers op hun stoelen zaten begon hij met zijn uitputtingsstrijd; een lang en hard gevecht bezorgde hem de overwinning. Kortsjnoj's vrienden zijn soms verbaasd zo vijandig te worden behandeld, maar zij begrijpen hem niet.

Nu hij de 45 is gepasseerd als de meeste grootmeesters al lang over hun hoogtepunt heen zijn en het wat kalmer aan gaan doen door minder deel te nemen aan inspannende toernooien, speelt Kortsjnoj met meer energie dan ooit. Het is al een enorme prestatie dat hij zijn perfectionistische aanpak en zijn energie opeisende stijl heeft weten te handhaven, maar dat hij dit bereikt heeft met steeds beter wordende resultaten is bijna ongelooflijk. Maar waarom verder na te denken over de oorsprong van Kortsjnoj's drijfkracht, als we van de resultaten van zijn wedstrijden genieten kunnen. Bestudeer ze goed: hij heeft er heel wat werk aan besteed.

Bill Hartston

KORCHNOI LE LUTTEUR

Parmi les grands joueurs du monde Viktor Korchnoi est unique. Quand il s'installe en face d'un jeu, il y apporte un mélange de concentration, de détermination et d'énergie non rivalisé par aucun autre grand maître. Pour Korchnoi les échecs sont par-dessus tout une lutte. Lorsqu'il joue tout ce qui lui importe est le résultat du jeu. Les amitiés sont oubliées et les problèmes mis au rancart; la bataille sur l'échiquier devient priorité absolue; cette volonté immense de gagner rend le jeu de Korchnoi toujours intéressant. Jamais satisfait d'une simple routine du jeu, il poursuit une stratégie complexe cherchant la manœuvre suprême dès les premières étapes du jeu. Cela lui crée souvent un problème de pression de temps mais là Korchnoi est souverain. Quand sa pendule lui montre que seulement des minutes lui sont laissées, il entre dans un état de concentration totale, presque en transe, employant entièrement le temps occupé par son adversaire à penser. Il oublie fréquemment toute trace du nombre de manœuvres complétées dans la profondeur de son absorption dans les calculs. Le compte des déplacements doit être dédaigné comme une distraction des procédés vitaux du jeu.

Eloigné des échecs Korchnoi est loin d'être le tueur qu'il est au tablier. Je l'ai toujours trouvé un des plus amicaux, joviaux et généreux des grands maîtres mais on ne doit pas s'attendre à voir ces traits en lui pendant un jeu. Je me souviens d'un épisode caractéristique un soir avant le début d'un tournoi. Korchnoi avait rencontré un vieil ami qu'il n'avait pas vu depuis des années. La conversation, les plaisanteries et la boisson coulèrent librement jusqu'aux petites heures du matin quand ils se retirèrent tous les deux, épuisés, dans leurs chambres d'hôtel. L'après-midi suivante ils durent jouer l'un contre l'autre en tournoi. Beaucoup anticipèrent un tirage amical mais ils ne connaissaient pas Korchnoi. Dès le moment où les joueurs prirent leur siège, sa guerre d'usure commença et une lutte longue et acharnée illustra en plein cette attitude.

Les amis de Korchnoi ont été parfois surpris de recevoir un traitement si hostile mais ils ne le comprennent pas. Ayant dépassé l'âge de quarante-cinq ans, quand la plupart des grands maîtres sont sur le retour et s'installent dans une vie de tournoi moins tendue Korchnoi joue avec une vigueur plus grande que jamais. Avoir maintenu son attitude de perfectionniste et l'énergie commandée par son style est un grand achèvement par soi-même mais l'avoir fait avec des résultats se surpassant toujours est presque incroyable.

Mais pourquoi délibérer sur la source du pouvoir de Korchnoi quand nous pouvons jouir de ses fruits au jeu? Étudiez-les bien; il y a mis une grande dose de labeur.

Bill Hartston

KORCHNOI DER KÄMPFER

Unter den großen Spielern der Welt hat Viktor Korchnoi nicht seinesgleichen. Wenn er ein Spiel beginnt, setzt er eine Kombination von Konzentration, Entschlossenheit und Energie ein, die kein anderer Großmeister erreichen kann. Korchnoi betrachtet Schach vor allem als einen Kampf. Für die Dauer eines Spiels ist nur das Ergebnis von Wichtigkeit. Freundschaften werden vergessen, Probleme beiseite geschoben; der Kampf auf dem Schachbrett überragt alles andere.

Dieser ungeheure Wille zum Sieg hat zur Folge, daß Korchnois Spiele immer interessant sind. Er gibt sich nie mit gewöhnlicher Technik zufrieden, sondern strebt nach strategischer Kompliziertheit, indem er bereits in den Anfangsstadien eines Spiels den allerbesten Zug sucht. Dadurch gerät er oft unter Zeitdruck, aber hierin zeigt Korchnoi sich unübertrefflich. Wenn seine Uhr nur noch Minuten zeigt, fällt er fast in einen Trancezustand vollkommener Konzentration, wobei er die Zeit, die sein Gegner zum Denken gebraucht, voll ausnutzt. Es kommt nicht selten vor, daß er die Anzahl der ausgeführten Züge ganz und gar vergißt, eben weil er so tief in seine Kalkulationen versunken ist. Das Zählen der Züge sollte als eine Ablenkung von den wichtigen Vorgängen des Spiels vermieden werden.

Trifft man Korchnoi privat, so erkennt man keineswegs den Schlichter des Schachbretts. Ich habe ihn immer für den freundlichsten, gutmütigsten und großzügigsten der Großmeister gehalten, obwohl ich weiß, daß diese Seite seines Charakters sich nie während eines Spiels erblicken läßt. Ich erinnere mich eines typischen Vorfalles an einem Abend vor dem Beginn eines Turniers. Korchnoi hatte einen alten Freund getroffen, den er seit Jahren nicht gesehen hatte. Es ging bei Gespräch, Scherzen und Getränken bis frühmorgens hoch her, als beide sich erschöpft in ihre Hotelzimmer zurückzogen. Am nächsten Nachmittag sollten sie im Turnier gegeneinander spielen. Viele Zuschauer erwarteten ein freundschaftliches Remis, aber sie hatten Korchnoi verkannt. Sobald die Spieler Platz nahmen, fing er seinen Zermürbungskrieg an, und ein langer harter Kampf brachte ihm den Punkt ein. Korchnois Freunde haben sich manchmal über solche feindliche Behandlung verwundert, aber sie verstehen ihn nicht.

Ohwohl er die 45 überschritten hat – ein Alter, wo die meisten Großmeister den Höhepunkt ihres Könnens längst erreicht haben und einem ruhigeren Turnierleben entgegensehen – spielt Korchnoi mit noch mehr Energie denn je. Schon allein daß er seinen Drang nach Vervollkommnung und seinen äußerst energischen Stil beibehalten hat, ist eine große Leistung, aber daß er dabei immer bessere Ergebnisse erzielt hat, ist fast unglaublich. Aber wozu über den Ursprung Korchnois Kraft nachdenken, wenn wir die Frucht in seinen Spielen genießen können? Man studiere sie gut ein; er hat viel Arbeit dabei eingesetzt.

Bill Hartston

BORAC KORČNOJ

Medju šahistima svetskog ranga, Viktor Korčnoj je jedinstven. Za šahovskom tablom raspolaže kombinacijom usretsredjenja, odlučnosti i energije, kakvu nema nijedan drugi velemaistor. Za Korčnoja šah predstavlja, pre svega, borbu. Za vreme igre, jedino mu je stalo do ishoda. Zaboravlja na prijateljstva, i na probleme; kod njega prevladjuje, i to apsolutno, važnost tekuće borbe.

Zbog Korčnojeve neizmerne žudnje za pobedom, svaka mu je partija interesantna. Nikad zadovoljan da igra rutinski, stalno stremi strategijskoj složenosti, traži ispočetka najbolji potez. To ga često vodi u situacije gde mu nedostaje vremena, ali Korčnoj je nenadmašan i tada. Kad časovnik pokazuje da mu ostaju samo minute, Korčnoj zna da koncentriše totalno, kao u zanosu, da se koristi svakim trenutkom koji protivnik provodi u misli. Neretko se ne obazire uopšte na broj povučениh poteza, jer je potpuno udubljen u zamišljanju. Izbegava prebrojavanje poteza kao skretanje od bitnih procesa igre.

Kad ne igra, Korčnoj nimalo ne liči na 'ubicu' što je za daskom. Meni se uvek činilo da je jedan od najdruželjubivljih, najdobročudnijih i najdarežljivijih velemaistora, ali ne bih očekivao da ga vidim takvim za vreme partije. Sećam se jednog karakterističnog slučaja u predvečerje turnira. Korčnoj je naišao na starog prijatelja koga nije bio video godinama. Slobodno su se šalili, razgovarali i pili do rano ujutru, kada su obojica legli iscrpeni. Sutradan popodne igrali su jedan protiv drugoga u turniru. Mnogi su očekivali prijateljski remi, ali nisu poznavali Korčnoja. Od samog trenutka kada su zauzeli mesta, Korčnoj je otpočeo svoj rat kajanja. Vodila se duga i naporna borba. Korčnojevi prijatelji su ponekad iznenadjeni njegovim naizgled ne prijateljskim prilazom; ne razumevaju ga.

Sa više od 45 godina, kad je igra većine velemaistora najčesće već u opadanju, kada se navikava na manje naporan turnirski život, Korčnoj igra sa sve više snage. Veliko je i samo po sebi dostignuće da je uspeo održati svoj stav perfekcionista i stil koji zahteva toliko energije; ali postizati povrh toga sve bolje i bolje rezultate, to je skoro neverovatno. Treba li razmišljati o izvoru Korčnojeve snage kad možemo uživati u njenom plodu, u njegovim partijama? Proučavajte ih; uložio je u njih puno truda.

Bill Hartston

KORCHNOI – KÄMPEN

Bland världens stora spelare är Viktor Korchnoi unik. När han slår sig ner för att spela visar han en kombination av koncentration, beslutsamhet och energi som ingen annan stormästare kan uppnå. För Korchnoi är schack först och främst en kamp. När han spelar är partiets utgång det enda som intresserar honom. Vänskap glöms, problem läggs på hyllan och kampen på brädet är det enda som betyder något.

Denna enorma vilja att vinna gör att Korchnois partier alltid är intressanta. Han är aldrig tillfredsställd med rutinspel, han försöker sig alltid på invecklade manövrar och hans mål är att utföra det bästa draget så tidigt som möjligt i partiet. Detta leder honom ofta in i en allvarlig tidspress, men i detta är Korchnoi överlägsen. När hans klocka visar att det bara är minuter kvar ingår han ett tillstånd av trance och total koncentration och utnyttjar till fullo den tid som motståndaren använder för att tänka. Han tappar ofta räkningen på hur många drag han fullföljt, så djupt inne i sina beräkningar är han. Att räkna drag bör till varje pris undvikas eftersom det förvirrar och distraherar i spelets livsviktiga utvecklingsgång.

Borta från schack är Korchnoi långt från den mördare han är vid brädet. Jag har alltid tyckt att han är den mest sällskaplige, älskvärde och generöse av stormästare, men jag väntade mig aldrig att dessa egenskaper skulle visa sig hos honom under spelets gång. Jag minns en typisk episod en kväll före en turnerings början. Korchnoi hade träffat en gammal vän som han inte hade sett på många år. De talade, skämtade och drack friskt ända in på småtimmarna då de båda, utmattade, drog sig tillbaka till sina hotellrum. Nästa eftermiddag skulle de spela mot varandra i turneringen. Många människor väntade sig att detta parti skulle sluta oavgjort på vänskapsvis, men dessa människor kände inte Korchnoi. Från det ögonblick då spelarna satte sig ner började hans utmattningskrig och en lång och hård duell bevisade detta till fullo. Korchnois vänner har ibland förvånats över att bli så fientligt behandlade, men de förstår honom inte.

Han är nu över fyrtiofem år, vid denna ålder är de flesta stormästare förbi sina krafts dagar och slår sig ner till ett mindre hektiskt turneringsliv. Men Korchnoi spelar med större kraft än någonsin. Att ha kunnat förbli en sådan perfektionist och att ha kunnat behålla en stil som kräver så mycket energi är i och för sig en stor prestation, men att ha kunnat göra detta med resultat som ständigt förbättrats är nästan otroligt. Men varför fundera över upphovet till Korchnois förmåga när vi kan ha glädje av resultaten av hans partier? Studera dem noga, han har lagt ner mycket arbete på dem.

Viktor Lvovich Korchnoi, one of the world's two leading chess players and five times candidate for the World Championship, defected from the Soviet Union in 1976 at the age of forty-five and now lives in Switzerland. Describing Korchnoi in his introduction to this book, International Master Bill Hartston writes: '... Korchnoi is unique. When he sits down to a game, he brings to bear a combination of concentration, determination, and energy which no other grandmaster can match.'

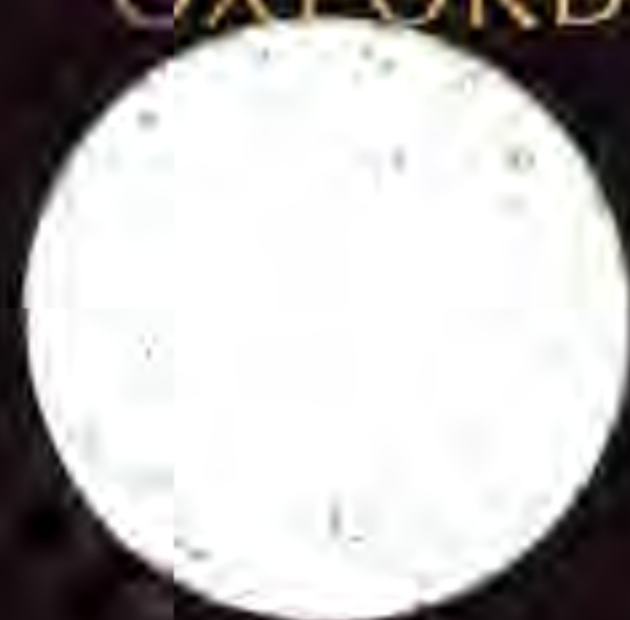

Korchnoi's style of play is of immense interest to spectators and chess enthusiasts because of his great fighting spirit and his frequent battles against the chess clock. *Korchnoi's Chess Games* comprises almost 1700 games played up to the beginning of 1978 and is the most comprehensive and systematic collection of this great player's games ever to be published. The editors have included every available tournament and match game played by Korchnoi since 1945, and there are a number of miscellaneous games from blitz tournaments and simultaneous exhibitions.

With the exception of the introduction, which is reproduced in a number of major languages, the entire work is languageless. The games are given in figurine algebraic notation of the form accepted by the International Chess Federation, with internationally accepted symbols being used for annotation. The annotations themselves are by a host of International Grandmasters and Masters.

Korchnoi's Chess Games should take its rightful place on the bookshelves of every chess fan. With such a wealth of highly original games, this book will provide almost unlimited entertainment and instruction for chess players of any strength.
